

CalAmp Reports First Quarter Fiscal Year 2022 Financial Results

Software and Subscription Services revenue increases 26% over prior year to \$35 million, representing 44% of total revenue

Achieves 8% year-over-year quarterly revenue growth from continuing operations to \$79.7 million as backlog remains at historically high levels

IRVINE, CA, June 24, 2021 -- CalAmp (Nasdaq: CAMP), a connected intelligence company helping businesses and people track, monitor and recover vital assets with real-time visibility and insights, today reported financial results for its first quarter of fiscal year 2022 ended May 31, 2021. On March 16, 2021, the Company announced that Spireon acquired its LoJack North America business, which is being accounted for as discontinued operations and thereby excluded from the reported financial results from continuing operations.

“We continued to experience strong demand for our products and solutions throughout the quarter, resulting in record Software and Subscription Services revenue and another solid quarter with our largest customer,” commented Jeff Gardner, CalAmp’s president and chief executive officer. “Our SaaS business is benefiting from a strong recovery from the prior year low-point at the onset of the pandemic, and there are signs of increased business activity not only in the U.S. but also in our targeted geographies around the world in support of customers’ 3G-to-4G upgrades. We are cautiously managing through the global component shortages that persist in the supply chain and expect revenue growth to accelerate as the situation normalizes.”

First Quarter Financial Overview

- Total revenue increased from the prior year to \$80.5 million, which includes \$0.8 million of revenue from the LoJack North America discontinued operations.
- Software and Subscription Services (S&SS) revenue was a record \$35.0 million, representing 44.0% of consolidated revenue, which was up 26.2% from the prior year quarter.
- Telematics Products revenue was \$44.6 million, down 5.6% sequentially as supply chain shortages affected shipments despite continuing strong demand from customers engaged in the 3G-to-4G transition.
- Sales to its largest customer were \$17.3 million, up 58.9% from the prior-year quarter.
- Gross margin was 40.7%, an increase of 120 basis points year-over-year and a decrease of 150 basis points sequentially due to increased component costs attributable to supply chain challenges.
- GAAP net loss from continuing operations was \$6.0 million, or a loss of \$0.17 per share.
- Adjusted basis non-GAAP net income was \$2.9 million, or \$0.08 per diluted share.
- Adjusted EBITDA was \$8.4 million, or 11% of revenue compared to Adjusted EBITDA of \$8.3 million, or 11% of revenue in the prior year.
- Total S&SS subscribers were 954,000, an 8% increase from the prior-year quarter, excluding the Automotive Vehicle Finance business.
- Ended the quarter with \$96.2 million in cash and cash equivalents.

Other Business and Recent Highlights

- CalAmp’s LoJack Italia subsidiary partnered with the Koelliker Group to pre-install all SERES 3 C-SUV electric vehicles with LoJack Connect services to improve driving habits and enhance vehicle safety.
- CalAmp’s Tracker UK subsidiary and cap hpi partnered to help car dealers across the U.K. find new ways to serve their pre-owned car customers while also generating incremental revenues that they never thought they had.
- Launched new operation, LoJack España, to provide connected intelligence and enhanced vehicle theft protection for local fleets in Spain and throughout the Pan-European region as part of its global expansion strategy.
- Increased K-12 market penetration with Bus Guardian to over 200 school districts across North America.
- Entered new partnership with Program Autoneggio, a leading long- and short-term corporate fleet rental company with 13,000 cars and commercial vans active across Italy.
- Appointed retired FedEx Ground CEO, Henry J. Maier, to its Board of Directors, further enhancing domain expertise in the Transportation and Logistics market vertical.

- Recognized as a "3+" company by 50/50 Women on Boards™ for having three or more women on its Board of Directors as CalAmp continues its focus on diversity and inclusion within the workplace.

Forward-Looking Statements

This announcement contains forward-looking statements (including within the meaning of Section 21E of the U.S. Securities Exchange Act of 1934, as amended, and Section 27A of the U.S. Securities Act of 1933, as amended) concerning CalAmp. These statements include, but are not limited to, statements that address our expected future business and financial performance and statements about (i) our plans, objectives and intentions with respect to future operations, services and products, (ii) our competitive position and opportunities, and (iii) other statements identified by words such as “may”, “will”, “expect”, “intend”, “plan”, “potential”, “believe”, “seek”, “could”, “estimate”, “judgment”, “targeting”, “should”, “anticipate”, “predict”, “project”, “aim”, “goal”, and similar words, phrases or expressions. These forward-looking statements are based on management’s current expectations and beliefs, as well as assumptions made by, and information currently available to, management, current market trends and market conditions, and involve risks and uncertainties, many of which are outside of our control, and which may cause actual results to differ materially from those contained in forward-looking statements. Accordingly, you should not place undue reliance on such statements. Particular uncertainties that could materially affect future results include any risks associated with global economic conditions and concerns; the effects of global outbreaks of pandemics or contagious diseases or fear of such outbreaks, such as the recent coronavirus (COVID-19) pandemic; disruptions in sales, operations, relationships with customers, suppliers, employees, and consumers given our sale of LoJack North America operations; our ability to successfully and timely accomplish our transformation to a SaaS solutions provider; our transition out of the automotive vehicle financing business; competitive pressures; pricing declines; demand for our telematics products; rates of growth in our target markets; prolonged disruptions of our contract manufacturers’ facilities or other significant operations; *force majeure* or *force-majeure*-like events at our contract manufacturers’ facilities including component shortages; the ongoing diversification of our global supply chain; our dependence on outsourced service providers for certain key business services and their ability to execute to our requirements; our ability to improve gross margin; cost-containment measures; legislative, trade, tariff, and regulatory actions; integration, unexpected charges or expenses in connection with acquisitions; the impact of legal proceedings and compliance risks; implementation of our new ERP system; the impact on our business and reputation from information technology system failures, network disruptions, cyber-attacks, or losses or unauthorized access to, or release of, confidential information; the ability of the Company to comply with laws and regulations regarding data protection; our ability to protect our intellectual property and the unpredictability of any associated litigation expenses; any expenses or reputational damage associated with resolving customer product and warranty and indemnification claims; our ability to sell to new types of customers and to keep pace with technological advances; market acceptance of the end products into which our products are designed; and other events and trends on a national, regional and global scale, including those of a political, economic, business, competitive, and regulatory nature. More information on these risks and other potential factors that could affect our financial results is included in our filings with the U.S. Securities and Exchange Commission (“SEC”), including in the “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections of our most recently filed periodic reports on Form 10-K and Form 10-Q and subsequent filings, which you may obtain for free at the SEC’s website at <http://www.sec.gov>. We undertake no intent or

obligation to publicly update or revise any of these forward-looking statements, whether as a result of new information, future events or otherwise, which speak as of their respective dates except as required by law.

Non-GAAP Financial Measures

“GAAP” refers to financial information presented in accordance with U.S. Generally Accepted Accounting Principles. This announcement includes non-GAAP financial measures, as defined in Regulation G promulgated by the SEC. We believe that our presentation of non-GAAP financial measures provides useful supplementary information to investors. These non-GAAP financial measures are provided in addition to, and not as a substitute for measures of financial performance prepared in accordance with GAAP.

In this announcement, we report the non-GAAP financial measures of Adjusted basis net income, Adjusted basis net income per diluted share, Adjusted EBITDA (earnings before investment income, interest expense, taxes, depreciation, amortization, stock-based compensation, acquisition and integration expenses, non-cash costs and expenses arising from purchase accounting adjustments, litigation provisions, impairment losses and certain other adjustments as detailed in the accompanying non-GAAP reconciliation), and Adjusted EBITDA margin. Adjusted basis net income (loss) excludes the impact of intangible asset amortization expense, stock-based compensation, non-cash interest expense, acquisition and integration expenses, non-cash costs and expenses arising from purchase accounting adjustments, litigation provisions, income tax provision adjustments, impairment losses and certain other adjustments as shown in the non-GAAP reconciliation provided in the table at the end of this announcement. We use these non-GAAP financial measures to provide investors with additional information about our financial performance and future prospects of our core business activities. Internally, these non-GAAP measures are significant measures used by management for purposes of evaluating our core operating performance, establishing internal budgets, calculating return on investment for development programs and growth initiatives, comparing performance with internal forecasts and targeted business models, strategic planning, evaluating and valuing potential acquisition candidates and how their operations compare to our operations, and benchmarking performance externally against our competitors. We believe this non-GAAP financial information provides additional insight into our ongoing performance and have therefore chosen to provide this information to investors to help them evaluate our results of ongoing operations and enable additional period-to-period comparisons. The presentation of these and other similar items in our non-GAAP financial results should not be interpreted as implying that these items are non-recurring, infrequent, or unusual.

RECONCILIATION OF NON-GAAP MEASURES TO GAAP
(Unaudited)

GAAP refers to financial information presented in accordance with U.S. Generally Accepted Accounting Principles. This announcement includes historical non-GAAP financial measures, as defined in Regulation G promulgated by the Securities and Exchange Commission. We believe that our presentation of historical non-GAAP financial measures provides useful supplementary information to investors. The presentation of historical non-GAAP financial measures is not meant to be considered in isolation from or as a substitute for results prepared in accordance with GAAP.

In this announcement, we report the non-GAAP financial measures of Adjusted basis net income, Adjusted basis net income per diluted share, Adjusted EBITDA (earnings before investment income, interest expense, taxes, depreciation, amortization, stock-based compensation and other adjustments as identified below), and Adjusted EBITDA margin. We use these non-GAAP financial measures to provide investors with an overall understanding of the financial performance and future prospects of our core business activities. Specifically, we believe that the use of these non-GAAP measures facilitates the comparison of results of core business operations between current and past periods.

The reconciliation of GAAP basis net loss to Adjusted basis (non-GAAP) net income is as follows (in thousands except per share amounts):

Revenue	\$ 79,674	\$ 73,731
Adjusted EBITDA margin	11%	11%

- (a) The non-GAAP income tax provision represents cash taxes paid or payable for the period after giving effect to the utilization of net operating losses and tax credit carryforwards.
- (b) Costs incurred in transition of business to acquiror are attributable to the wind down and transfer of the LoJack North America business to Spireon.
- (c) Other favorable (unfavorable) impacts to Adjusted basis net income and Adjusted EBITDA represent financial impacts that cannot be included in these Non-GAAP measures, but management believes can provide insights into underlying operational earnings for the periods presented above. These items include deferred revenue purchase accounting adjustments resulting from business acquisitions which reduces revenue and gross profit and inventories related to the automotive vehicle finance business that are obsolete or in excess of demand forecast.
